Summary

I am a creative, versatile and digitally savvy professional with skills and experience in Graphic Design / Multimedia, Digital Advertising / Marketing / Communications, Search Engine Optimisation / Marketing , Web Administration / Development and also Cartography.

I have an excellent eye for detail with strong problem-solving abilities.

I am adept at working in a dynamic and transforming corporate environment requiring adaptability and strong workflow management and prioritisation skills. I have established successful cross-functional and collaborative working relationships while also reliably performing within individual project deadlines and budgets to produce high quality outputs.

I am both customer service and results focused.

Employment History

Royal Automobile Association of SA (RAA) **Jan 1998 - July 2025**

RAA is a South Australian organisation founded in 1903. Today, more than 800,000 members across the state choose RAA for their trusted services, like insurance and motoring, to travel, home services and more. One of the state's largest employers, with more than 1300 employees.

Assistant Web Developer **Feb 2022 - July 2025**

As part of the ICT Web Development and Digital Content teams I …

- Undertook audits of the legacy/core RAA websites to identify SEO issues and provide solutions
- Collaborated with the UX/UI team to implement responsive and user-friendly web interfaces
- Undertook development of the core RAA website (Sitecore) including peer reviews of other developers' code
- Managed Google and Bing accounts/services/APIs
- Provided support for the core RAA website (Sitecore) including troubleshooting issues in the CMS
- Administered user access to the legacy/core RAA website CMS's (LARAA/Sitecore)

Digital Production Coordinator **July 2017 - Feb 2022**

As part of the Marketing Digital Services (Web) Team I …

- Managed Google and Bing accounts/services/APIs
- Provided support for the core RAA website (Sitecore) including troubleshooting issues in the CMS
- Administered user access to the legacy/core RAA website CMS's (LARAA/Sitecore)
- Led integration of custom functionality from the original RAA website with a new core RAA Website (Sitecore)
- Administered user access to the original RAA website CMS (WebEdit)
- Undertook Quality Assurance Testing of development by external agency before making available to internal clients for User Acceptance Testing
- Coordinated with an external agency to fix Website issues and provide briefs for changes to existing functionality and creation of new functionality
- Provided support to RAA business units with Website issues, changes to existing functionality and creation of new functionality

Design and Production Specialist **Apr 2013 - July 2017**

As part of the Marketing Design & Brand Team which supported the entire organisation I …

- Performed in-house graphic design tasks to produce print marketing materials (brochures, newsletters, press ads, signage, publications, promo products and design projects)
- Abided by and integrated with RAA Brand Guidelines and acted as a 'brand champion' to other RAA employees
- Provided specialist design for digital online advertising and outdoor event advertising systems
- Generated specialist web graphic content, including interactive maps, finders, navigation systems
- Provided support and advice to the video production team regarding animation, footage provision and hosting
- Contributed specialist digital design to e-newsletters, media releases and digital online advertising
- Managed and produced artwork for a POS digital advertising system
- Managed an in-house large format printing service including workflow tracking, customer liaison and reporting
- Updated RAA branded maps and provided recommendations on cartography products

Production & Development Coordinator **July 2012 - Mar 2013**

As part of the Travel Marketing Team also supporting other product marketing teams I …

- Managed Google Adwords for key products and provided SEM reporting and advice
- Led external development of the RAA Travel Planner and created interactive blog maps
- Provided design, digital animation, video and web support to business units across RAA
- Created & managed an in-house large format printing service including production workflow tracking, customer liaison and reporting which was initially used for POS advertising
- Produced and coordinated the supply of maps to RAA and external partners
- Tracked sales and distribution of RAA maps and AAA guides.

Previous Positions Held **Jan 1998 - June 2012**

- Cartographic Technician
- Senior Cartographer
- Cartographer/System Developer

Highlights

- Awarded Annual Sales and Marketing Award (Best Digital Initiative)
