Welcome to

Street Smart e-news!

Getting your licence and learning to drive is a really big deal. RAA wants to help you stay safe on the road as a new driver, so through this quarterly newsletter we'll keep you up to date on all the latest road rules and safety information. Plus in each edition we'll have some great giveaways! To kick off our first newsletter, we're giving you the chance to score yourself an all new iPad Air, so enter now!

Were you one of the 7,000 students who attended our Street Smart High event in March? Across two days, high school students from right across SA came to hang out with us at the Entertainment Centre to watch a road crash simulation and learn some important road safety lessons from people who've been affected by a road crash. Check out the video to see if you spot yourself in the crowd.

70.6% of students we surveyed before Street Smart High said they were aware of the changes to be made to the laws that affect L and P drivers, but how much do you really know? From 28 July 2014, a number of restrictions will come into place, but these laws aren't meant to make it harder for you – they're about keeping you and your mates safe on the road. Next e-news we'll have even more info on the changes, but for now why not check out our FAQ's.

Road rules

Did you know that L and P1 drivers can't use a hands-free mobile? No driver is allowed to talk on a mobile phone unless it is secured to a proper hands free device, but L and P1 drivers can't use a mobile when driving at all – not even with hands-free technology.
