

Hi ,

Come and chat with RAA's Early Careers Team tomorrow at The Big Meet, Adelaide.

RAA has come a long way since being founded by a small group of motoring pioneers in 1903. Today, more than 750,000 members across South Australia choose us to deliver them peace of mind, through our trusted range of motor, home and travel products and services.

We have a diverse range of roles across multiple industries, all situated in our Head Office at Mile End. Our Early Career opportunities include Work Integrated Learning across the business, in areas like Marketing, HR and Legal, and paid Summer Vacation Internships over the university holidays, including Innovation and Data Science.

We're also excited to announce our inaugural Data and Digital Graduate Program starting in February 2021. As we grow in the digital space, we'll need more specialised IT talent to help us evolve across a broad range of business areas, including app and web development, data science and mining, UX, AI, cloud technology and cyber security. Our 18-month Graduate Program offers a competitive salary, staff benefits and a permanent role at completion. Applications open later this month.

Overall, we are looking for people with passion. People who can bring diverse thinking to the table. People with strong business acumen and an innovative spirit, who can help us keep our members moving.

Candidates with all degrees are eligible to apply for our Early Career pathways and must have Australian working rights.

Details of The Big Meet are as follows:

Date: Friday 13 March 2020

Time: 11am–3pm

Place: Adelaide Convention Centre, North Terrace, Adelaide

Entry: Free
